

Volume 28, Number 2

Summer, 2018

From the President

Cadets, Faculty & Friends:

Summer is finally sneaking up on us and I think about Graduation at CMA and everything that was involved. It was quite the event.

We had our Spring Board of Directors Meeting in April. The minutes of the Meeting are in the *Bugle*. Dr Thomas welcomed us to the CA Campus. His complete address can be found in the minutes. Dr Thomas discussed the success of the CMA Day activities which were held in October last year. Plans are in place to make this an annual event in October, with the date undetermined at this time. Megan Duval was the recipient of the CA Scholarship this year. Our Vice-President, Randy Howell, presented the Scholarship to her at the CA Graduation. The final version of the revised Association By-Laws was approved and is a matter of record. This has been a three-year process taking baby steps and many discussions over multiple Board Meetings.

Our 2018 Grand Reunion is only few months away. The Reunion information is in the *Bugle*, including registration information and schedule of events. We will have the same rooms at the Marriott for Registration and the Banquet as

we did in 2016. The classes of 1968 and 1969 will celebrate their 50th Reunion this year. Class Representatives and contact information are listed in the *Bugle*. We will be honoring former Cadets who returned to CMA as Faculty Members at this Reunion.

Several weeks ago, we were presented the opportunity to have The FAB Nashville Beatles Cover Band for Saturday night after the Banquet entertainment. The cost of the band is \$2,000.00. I sent a mass email to the Board of Directors conducting an online meeting to discuss the pros and cons of having the band. The discussion lasted over a week with a vigorous debate. I had an 80% positive response when the final votes were in. With this majority we will have FAB Nashville perform Saturday night after the Banquet. There was a concern of the band interfering with folks trying to visit and chat with friends. The band will not play until ALL activities are completed. For those who are not interested in hearing the band, but still want to gather, we will have the reception room open with tables and seating, plus the great Marriott lobby area.

I look forward to a Great Reunion, seeing old friends and renewing old friendships. Now is the time to contact those classmates and friends to encourage them to join us in August.

50th Reunion for the Classes of 1968 and 1969

If you are a member of either the Class of 1968 or the Class of 1969 this is the reunion that you need to make every effort to attend. It is time for you to celebrate 50 years since your graduation from Columbia Military Academy. This opportunity only comes once in a lifetime and it gives you a great chance to see some of those old CMA buddies that you have not seen since graduation, or since the last reunion if you are a regular. Regardless, this is your time...take advantage of it. Bill Wade ('68) and Howard Keltner ('69) are heading up the efforts for your classes at this reunion. Register now for the reunion and contact Bill or Howard at the contact information below and let them know that you will be there to celebrate your 50th. This year's added attraction on Saturday night, FAB Nashville, a great Beatles cover band, is an added benefit for your classes. How can a product of the 60's, especially the late 60's, pass on the opportunity to go back just for a little while? Make this reunion yours!

Now is the time to make reservations for the 2018 CMAAA Grand Reunion. We will be gathering at the Cool Springs Marriott the weekend of 2-5 August to celebrate CMA and visit with old friends and make new ones. This reunion marks 40 years since the elimination of the "Military" in Columbia Military Academy and 39 years since the CMA transition to Columbia Academy. What a great tribute to the Alumni Association and its members that we continue to celebrate CMA even without the benefit of still having the school around. While the campus is certainly different now than it was when we were cadets, we are fortunate to be able to visit the campus and use the facilities there to support our Reunion activities. The General Membership meeting in Old Main, the Flagpole ceremony honoring lost cadets from each reunion's designated "50 Year Reunion" classes, going to see the new Moore Hall Marker, and the opportunity to visit the CMA Museum in the old Guard House. Just walking around the campus brings back a flood of memories and makes the trip worthwhile. Be part of it in 2018.

Former Cadets That Were Later Faculty Members to be Recognized

This reunion's recognition group is those individuals that spent time at CMA as Cadets and then returned to CMA to serve as a member of the Faculty/Administration. This is a very small group, but a very unique group that has a special perspective of the school. We know of 18 former Cadets that returned to CMA in some capacity as a member of the school faculty or administration but we need your help to identify more. The current listing is included on Page 3. If you can provide the names of additional individuals that were Cadets and later members of the school faculty/administration, please let us know. We want to ensure that we recognize all of these individuals, both living and deceased.

Sporting Clays Shooting Event Set Up For Reunion

We have a returning event for this year's reunion for those interested in participating in some shooting. Dudley Dolinger ('73) has again coordinated with the Nashville Gun Club to set up a Sporting Clays shooting event on Friday during the reunion for any CMA alumni and friends interested in participating. The event will start at 10:00 AM and will provide participants the opportunity to go to the gun club and go through the stations shooting at 50 sporting clays. The cost for the event is based on what equipment you bring. If you provide your own gun, ammunition, ear protection and eye protection (all required to have), the cost will be \$40 plus tax. If you need to purchase/rent any of the mentioned items, the price will increase accordingly and could make the total cost be \$75 if you needed the gun club to provide everything. All interested in registering for the shoot are asked to submit the registration form along with a \$25 deposit. Since total costs are dependent on individual needs, you should be prepared to make further payment at the gun club. If you would like to participate please complete the registration form on Page 5 and submit it to Dudley Dolinger at the address provided on the form by July 1st. If you have any questions, feel free to contact Dudley Dolinger at 615-476-1820 or at ddolinger@comcast.net.

FAB Nashville, Beatles Cover Band, to Play at Reunion

The CMAAA Board of Directors decided to bring the chance to dance back to the Grand Reunion this year. And, boy, did they go bold. The band for this year is called FAB Nashville and they perform Beatles music both for entertainment and for dancing. They have a great reputation in Nashville and will bring high energy to wrap up our Reunion activities on Saturday night after the dinner and recognition ceremony. If you listened to music at all in the 1960s, you were part of the Beatles experience. Even for those that did not get into listening to music until the 1970s and later, you certainly heard the Beatles music and listened to other musicians that were influenced by the Beatles. This is just another reason to make this reunion the one you will attend. Come and spend the weekend with your fellow alums. If you can't make the full weekend, then register for the banquet Saturday night at the Marriott and join us in dinner, fellowship and entertainment by FAB Nashville. Enjoy a couple of hours in the 1960s.

Golf Scramble Again Set Up For Reunion

As in years past, there will be a scramble golf tournament on Friday morning of the reunion weekend. Bill Wade ('68) and Randy Howell ('72) are coordinating the activity this year and have set up for us to have a Two Man Scramble format at the Crossings Golf Course. We will begin our Tee Times at 8:00 on Friday morning with foursomes consisting of two different two-man scramble teams. For those that have played in the past, make plans to play again at this reunion. If you have not played before but enjoy playing golf, join the group at this reunion and start the weekend with a fun round of golf with your fellow CMA Alums. Please complete the Registration Form on Page 5 and submit it and your payment to Bill Wade at the address provided on the form.

Reminder to Pay your Dues to the Alumni Association

Since the Alumni Association does not send out notices telling its members to pay their dues at a specific time, the best thing to do to keep up with dues payments is to make your payment every two years in conjunction with the CMAAA Reunion. Even if you are not going to attend the reunion, you can use the registration form to pay your dues. With annual dues being \$25, if you set yourself up to pay in conjunction with the reunion you can pay \$50 every two years and always know when you need to pay your dues. The Reunion Registration form, page 4 of this publication, provides the opportunity to pay your dues even if you are not attending the reunion. Simply fill out the top portion of the registration form and check the box that says "I Am Unable to Attend but have enclosed my \$50.00 for the next 2 Years Dues (\$25.00 per Year)". Send in the form, along with a check for \$50 made out to CMAAA and your dues are good until the next reunion year in 2020. Dues are very important to keep the association going.

Meeting Minutes

The CMAAA Board Meeting was called to order at 9:00 AM on Saturday, April 28, 2018. The meeting began with a moment of silence in remembrance of board members who are deceased and to recognize the recent passing of Tom Hayward. The invocation was given by Dr. Thomas and Mike Gilchrist led the Pledge of Allegiance.

The first order of business was making a motion to approve the minutes from the October 14 Board Meeting. The motion was seconded and approved by the board. Robin Salze presented the Treasurer's report, noting that we have, at present, \$26,202.84 in our checking account. We have received \$2,250.00 in Reunion Registrations, and \$440.00 in dues thus far this year.

Woody Pettigrew gave the Museum report stating that the 2017 annual cash on hand amount was \$17, 831.60 and as of March 31 that cash on hand amount is \$18,240. The budgeted income is \$14,514; this includes pledges, expected sales, and payback from the General Fund for the Memorial upgrade. The total expense for the Memorial Upgrade which was made two years ago was \$7,900 and the reimbursement of funds used will be taken from the General Fund by utilizing the estimated savings from the new *Bugle* mailing procedures. The last mass mailing of the *Bugle* was in December 2016 and the estimated savings is in the area of \$800 a quarter. This brings the total budget to \$32,754.00 with expected expenses to run about \$10,467.00 (rent, insurance,

miscellaneous for the four years that remain on the lease). This leaves us with a sufficient balance at the end of the current lease period and will allow us to execute future options on the lease.

Dr. Thomas welcomed the Board and proceeded to give updates and proposed future plans for maintaining the remaining dormitories on campus. The 2017-2018 school year began with an enrollment of 950 students. The first annual CMA Day that was in the fall was a great success and the students enjoyed learning about the experiences of former cadets. Graduation is scheduled for Saturday, May 12, 2018 at 10:00 AM and the ceremony will be held on the front lawn, weather permitting. If there is rain, the activities will be moved to the Field House. He stated that the class of 2018 is the largest graduating class in CA's history, which is seventy students. The Commencement Speaker planned for that day is William Hickman, a two star Army General, who was a former CMA student and graduated in 1979 during the transition year of the school. He has a very prestigious career which includes serving under General David Patraeus in Afghanistan, and is currently stationed in Norfolk, VA., where he works for Central Command. He also travels back and forth to Brussels, Belgium to work for NATO. He has family currently living in Columbia and was honored to return to speak to the student body at CA. Athletically, CA had a great football season; went to playoffs; and basketball season; went to state tournament. One new program implemented this year is the Reach Program, which was modeled after a college honors program and has been quite successful. It is an honors program for 7th-12th grades and it focuses on reaching excellence through academic challenges. If students' test scores reach the top 15% of the national test scores and retain a 3.5 GPA, they will be eligible to participate in this program if they so choose. The group goes on four trips during the school year. The students will work on a research project for each of these trips and present their projects in an open forum (The Reach Forum) so that questions can be presented and answered. One of the trips this year was to Mammoth Cave where they did a project on the history and science of the cave. In the fall they went to Birmingham to visit the Civil Rights Museum. Most recently, nine students and three adults went to

Boston over spring break and they are planning a trip to visit Vanderbilt with the assistance of one of CA's parents, who happens to be a molecular physicist. The students will tour a lab and observe things scientist do in an actual work setting. This program was begun to help honor students to be challenged and to excel in academics. There continues to be a program (The Harmony Program) that helps reach struggling students and gives them opportunity to achieve success, and now there is a program in place to challenge students who are at the upper end of the academic scale. The CA Board is the process of purchasing the building in Spring Hill, which CA has been leasing since 2010 and presently has an enrollment of 90 students. Dr. Thomas stated that with donations and other arrangements, the cost to mortgage the property will run about the same as what is being paid to lease it. Owning the building will be financially beneficial for the school, even though this may not be the permanent location. The area is growing rapidly and plans are for the city to extend the Saturn Parkway to the road that is adjacent to the school property which will make the campus more assessable. However, the building is in an industrial area, which is not ideal. But just down the road, not too far from the campus, there are 1,100 houses being built, which will provide an opportunity to serve many families in that area. Much consideration has been given to the enhancement of some of the historical buildings on campus; specifically Academy Hall and Frierson Hall. The plans are to upgrade the buildings on the interior to make them more modern and usable. Other things include traffic flow and pedestrian safety. An architect has been hired (the plans include a 3-stage process and will involve the entire 67 acres and facilities). Thirty recommendations have been made after listening to parents and staff. Those thirty recommendations have been narrowed down to a prioritized list of eight, one of which is to upgrade the historical buildings. The hope is to preserve them and to make them usable for the school. One plan is to renovate Academy by working on the upper two floors, which are in need of repair. A new roof has already been added. They are hoping to move some of the business offices to this building and Mike Gilchrist sug-

- Continued on Page 7 -

gested perhaps it would also be good to utilize an area for a Historic Room, where pictures and other memorabilia could be displayed. The Museum, which is limited on space, will still be used to house memorabilia as well, but Academy Hall will give us additional space and may provide a more climate controlled environment for pictures. This Historic Room can also be used for CA to display things. They have a bit of memorabilia themselves since the school has been in operation close to 40 years. The second plan is to address the repairs needed to bring Frierson Hall from the state of "lockdown" to where it is operational once again. A new roof was added six or seven years ago and it is said to be structurally sound. Dr. Thomas stated he thought the appearance of the building at this time isn't very appealing and he would like to see the building being used by students. There is no desire to lose any other of the remaining historical buildings on campus. Dr. Thomas, once again, shared his vision to eventually turn Frierson back into a dormitory for International students. He believes this would benefit the entire student body. The architect is going to deliver some plans and the estimated cost for the proposed renovations. The end result of the Master Plan will be to prioritize the lower and higher cost projects, and then to go out and talk to possible donors (CA families, CMA alumni, and supporters who would like to see the plans become a reality). This will be a costly endeavor and financial help will be needed. The overall result will be having more space by utilizing all the buildings on campus and making the campus even more attractive. Dr. Thomas expressed his desire for the Museum to continue operation for many years to come and has considered a possible solution to maintaining the building as long as CA is on campus. He proposed building the CMA Endowment to the point where the funds from that endowment will provide a revenue stream every year that will help with the upkeep of the Museum. The estimated amount needed will range between \$60,000 and \$75,000. If we could help increase the Endowment Fund from \$10,000 to \$75,000, the 5% on \$75,000 would give about \$3,700 each year, which would provide funds to maintain the Museum long term. He asked CMAAA to consider ways to help sup-

port these efforts by any means possible. We have so much history on our beautiful campus and we need to preserve as much of it as we possibly can.

Old Business

Robin addressed the need to approve the newly revised By-Laws. The Board approved the revised By-Laws at the October Board Meeting, but then amended it for the Lifetime Membership to be transferred. The only change made was the wording stating that Lifetime membership may be transferred to a family member or designated person when the Lifetime Member chooses or is no longer able to participate in Association activities. A motion was made to approve the most recent revision to the By-Laws. The motion was seconded and approved.

Mike Gilchrist gave an update on the CMA photos/negatives. He consulted with David White concerning ways to preserve the photographs and negatives that we have and they found boxes that were specifically made to safely store and protect photographs/negatives. After researching, Mike found boxes that cost about \$20 each, but with David's help, was able to find some that cost \$15 each. The total of fifteen or sixteen boxes will be needed to store our collection of photos/negatives, which will cost around \$500. Robin said most all the envelopes of photos/negatives in the boxes were labeled so it will be easier to identify pictures or picture groups without having to sort through all of the photos. Mike and David will continue working together on collecting and preserving photos and negatives; looking into digitizing as a possible option, but cost may be a factor. Randy asked the Board if anyone knew where we might find pictures of cadets marching to church. Tony South is putting together a historical segment about downtown Columbia and was asking for photos. If anyone has photos of cadets marching to church or knows where to locate one in an annual, please let Randy know.

Robin gave an update on the Honor Group being recognized at the 2018 Grand Reunion. He stated that he has located and has information on all but two of the Living Honor Group. Invitations and letters have been sent to those who have been located. He is still attempting to reach Alexander Cathey and Jimmy Hatcher. He is also attempting to

locate Staley Colvert from the class of '68.

Next on the agenda, the Board discussed the possibility of having live music or a DJ. The options Sandra Hasler had suggested at the October meeting were no longer available. Randy Howell suggested someone he knew who played in a band, as well as, could be a DJ. He volunteered to explore this and will notify the Board with details so a decision can be made prior to the Reunion. Money will be another factor.

New Business

Robin Salze asked for any discussion concerning the Scholarship for this year's CA recipient, and also, for the approval for the 2018 CA Scholarship. A motion was made, seconded, and approved. Dr. Thomas announced Megan Duval, a first year CA student, who has been accepted into the Air Force Academy, will be receiving this year's honor. Mike Gilchrist pointed out that Megan showed a lot of interest about the military when CA had their CMA Day. Dr. Thomas also mentioned a former recipient, Marshall McKee, and gave an update of his progress. He is doing well at The Citadel in South Carolina and has recently signed up to join the Air Force.

Woody Pettigrew wished to inform the Board of the generous donation of Steve Harper, class of '45, who left a box of memorabilia to CMA in his will, which has not been done before.

Robin suggested that he would like to see a few local folks to volunteer their services to help maintain the museum, keep it clean and in good condition, it would help lessen the stress on those who have distances to drive and the museum could be cleaned more often. Woody mentioned we will plan to have a Clean-Up Day this summer prior to the Reunion. Woody stated that there are a couple ideas he is working on to help keep humidity under control and to minimize damage caused by mildew growth in the display cases. He is planning to place a dehumidifier in the museum that will run continually as well as installing a fan in the roof part of the center display to help circulate the air.

Bill Wade reiterated the positive experience he had at the CMA Day festivities and asked Dr. Thomas if this was going to be an annual event. Dr. Thomas responded that it was and that the tentative

date for the second annual CMA Day is set for Oct. 26. Bill encouraged others to participate in this upcoming event. He said it was such a memorable and enjoyable time. Another Board Member told Dr. Thomas and the Board of an experience he had while attending a football game and wanted to congratulate the students on the way they conducted themselves and the respect and courtesy he was shown while visiting.

Randy Howell questioned Dr. Thomas about the athletic decision to remain in Division I. CA was one of four schools that decided to stay within this division. But due to changes in policies, two of the four schools appealed to the state to switch over to the Private Schools Division or Division II, which was granted and CA followed suit. They will be able to begin participation in this Division during the 2019 season because they are committed in the present Division for a two year cycle. They will be able to play other private schools and also offer financial aid to athletes who would like to attend CA, based on need. The aid will be limited to 50% of the tuition. He emphasized this will not change the mission of CA. He said we are a school first; the spiritual mission is number one, academic is number two, and athletic is "down the slide" a bit. It will, however, change who they play.

The 2018 Grand Reunion: Robin spoke with Ashley at the Marriott to confirm that everything is set and in place for the Reunion. The Reception, Registration, and Banquet rooms will be the same. As for now, if the Banquet Room is not reserved for another group Friday night, we will have access to it. The tables will not be set for the Banquet dinner so we would be allowed to sit at them and socialize. A separate room will be made available Saturday and Sunday morning for a buffet breakfast. There will be a cash bar both Friday and Saturday night. Update on the rooms; we guaranteed to book 155 rooms that weekend and as of now, there are already 53 rooms booked. Robin feels assured we will have no problem reaching our goal.

An inquiry was made as to why the activities on Friday and Saturday night had to be held in Franklin instead of Columbia. Robin Salze and Mike Gilchrist explained the convenience of having everything in one place, but

also, because there is no facility large enough to accommodate us. Mike mentioned he had to address this, as well, when he was President. Mike checked on several venues and he found none that had enough space and the cost was no less expensive. Greg Thompson stated that the Marriott has been a good choice since they have been more willing to work with us from a financial standpoint because the Embassy had so many separate charges. The Marriott has been very accommodating and has strived to make each Reunion better. The present location also provides a place to shop since the mall is close by.

Group pictures will be taken Friday night at the Marriott. David White will be taking the photographs during the Reception.

Bill Wade told the Board that at this time there has only been one registration form turned in for the golf tournament. He is asking for more participation.

Robin asked Don Kimbrell to head the nominating committee for this year's officers and he has graciously accepted.

Randy Howell gave the closing prayer and the meeting was adjourned at 10:31AM.

NOTE: As a follow-on to the last item in the Old Business of the minutes, subsequent to the meeting a proposal was made to hire a band for entertainment after the festivities on Saturday night. Robin Salze, Association President, surveyed the board members and, based on the support for the proposal, made arrangements with the band to perform at the conclusion of the evening's events.

Want to Help the Association Cover the Reunion Costs?

As mentioned on Page 3, this year's reunion will include a band for the first time in a number of years. The Board wanted to add the entertainment for the membership, but it comes at a cost. Several alumni have already pledged to contribute \$100 to the cost of the band. If you can also make a contribution, please either include the money with your registration and annotate on the form that it is for the band or separately send the money to CMAAA, 804 Aethnaeum Place, Columbia, TN 38401.

Museum Clean-Up Day

Just think of it as preparation for the Annual General Inspection (AGI); nothing like getting everything in white glove inspection shape once a year. Well, it is time for your CMA Museum to get a little of that special attention. In preparation for this year's CMA Grand Reunion, we will have a CMA Museum Clean-up Day on Saturday, July 14th. We will do some serious cleaning, touch up painting, grounds work, artifact display arrangement and general shaping up. We will get started at 9:00 and continue until the job is done, with Lunch provided. Just think of it as Bull Ring with a purpose. If you can help during any part of the day, please let Woody Pettigrew know. You can reach him at wpettigrew@knology.net or at 256-653-7303.

CMAAA Scholarship Awarded During CA Commencement

Randy Howell, CMAAA Vice President, presented the CMAAA Scholarship during the Columbia Academy Graduation on May 12th. This year's recipient, as selected by the CA Leadership, is Miss Megan Duval. Megan sought to be of service to the community by volunteering with organizations like Best Buddies, The American Red Cross, and the Humane Society. She was a small group chapel leader and challenged herself in the classroom as well. Megan will be attending the United States Air Force Preparatory School this fall.
